Self Awareness, evaluation and motivation system Enhancing learning and integration and contrast ELS and NEET

ERASMUS + 2014
Strategic Partnership Project

www.saveproject.it
The project aim is to develop and validate an innovative self-awareness, evaluation and learning personalization model, system and tools in order to prevent and contrast ESL and NEET phenomeni.
The project IDEA contemporarily address and foster

STUDENTS engagement and motivation, by implementing effective self-awareness and evaluation tools and inclusive Learning 2.0 solutions

school and VET responsiveness by implementing stronger dynamic link between education and job market and leveraging on the competencies’ recognition within the digital portfolio frame

trainers guidance and learning role empowerment, by defining new pedagogical models based on: self-evaluation; learning personalizations (and digital portfolio); technology enhanced environments, supporting both student learning processes and trainers knowledge sharing

www.saveproject.it
SAVE system will be:

- realized, starting from the sharing and valorisation of partners' complementary competences and existing resources, practices and experiences;
- tested within a wide validation frame, both at national (IT) and partners' countries level (ES; UK; CZ).
