STUDENTS engagement and motivation, by implementing effective self-awareness and evaluation tools and inclusive Learning 2.0 solutions

The project IDEA contemporarly address and foster

trainers guidance and learning role empowerment, by defining new pedagogical models based on: self-evaluation; learning personalizations (and digital portfolio); technology enhanced environments, supporting both student learning processes and trainers knowledge sharing

school and VET responsiveness by implementing stronger dynamic link between education and job market and leveraging on the competencies' recognition within the digital portfolio frame
